

# NATIONAL DAY of CIVIC HACKING

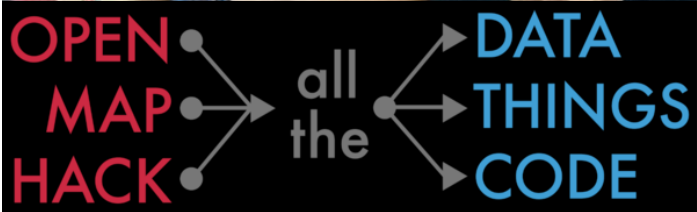

**Code Louisville**  
252 East Market St  
**Saturday, June 4, 9:00 - 4:00**  
[www.civicdataalliance.org](http://www.civicdataalliance.org)  
[www.hackforchange.org](http://www.hackforchange.org)

The National Day of Civic Hacking is a day for techie and designer volunteers to help their community.

Create an app, a site, or something else. At the end of the afternoon, present what you've created and give it away to the world. There are even snacks and swag.

*make friends • learn stuff • create something • help people*
